UPSC Rankers Trusted Aspirants Hub programs in CSE 2025

11 subjects · 59 answer-writing days · 177 answers, AI-evaluated · every date planned

Course fee: ₹4,999 ₹2,999 for the first 100 students · Brainstorming Sessions free for everyone

Enrol: www.aspirantshub.ai · Doubts & clarification: 9217266679

All sessions on Zoom. Timings and links are shared in the closed course group on Telegram.

REAL SAMPLES · WHAT YOU GET EVERY DAY

See a Tapasya day before you join it.

Three questions a day: a PYQ with our complete handwritten model answer (both pages below), a topper-copy question with the exact answer that scored (bottom), and a new question on the same topic.

<p>Q1 The application of Artificial Intelligence as a dependable source of Input for administrative rational decision-making is a debatable issue. Critically examine the statement from the ethical point of view. (1st word) (2023)</p> <p>APPROACH</p> <ul style="list-style-type: none"> Introduction - Briefly introduce AI's growing role in administrative decision making. Body - Part 1 - Present the case for AI's dependability. Part 2 - Present the ethical concerns. Conclusion - Reaffirm AI's proper role and point toward safeguard that ensure ethical use. <p>Q2 Artificial Intelligence is increasingly used in administration for data analysis, predictive policing, welfare targeting and resource allocation. While it promises objectivity and efficiency, its ethical dependability as a decision-making input remains contested.</p> <p>Artificial Intelligence (AI) as a reliable Input for Administrative Decision making -</p> <ol style="list-style-type: none"> 1) Data Driven efficiency in governance and Increased transparency. eg. Aarogya Setu App. 2) Reduced Human bias, discrimination & prejudice due to impersonality. eg. Supreme Court's AI portal SUPACE in Judicial decisions. 3) Automating routine tasks enhances productivity and lowers administrative costs. 4) Predictive Analytics, AI forecasts trends, aiding proactive government response. eg. Use in IMD weather forecast, Disaster Management. 5) Efficient prioritization and better resource Allocation. eg. AI in Direct Benefit transfer schemes improve disbursement efficiency. <p>Ethical Concerns regarding Inputs from AI for decision Making -</p>	<p>Q1 Algorithmic bias - AI mirrors historical prejudices in training data, risking discriminatory outcomes. eg. AI till date cannot represent left-handed people.</p> <p>2) AI lacks emotional intelligence, values of Integrity and Aptitude needed for decision making.</p> <p>3) Opaque "black-box" algorithms make it difficult to fix responsibility, weakening democratic accountability.</p> <p>4) Environmental Concerns of footprint of AI, water needs.</p> <p>5) Excessive reliance on AI may reduce Citizens to mere data points, Violating Kautilya's respect for persons principle.</p> <p>Way forward -</p> <p>Consensus + Optimum Regulation + Human Agency = Responsible use of AI.</p> <p>Conclusion - AI must remain a supportive tool, not a substitute for administrative judgement. Embedding transparency, Human oversight and ethical audits ensures AI strengthens rational decision making while upholding accountability and Justice.</p>
---	--

Sample 1 · PYQ with our complete handwritten model answer – the full answer, both pages, exactly as you receive it daily.

Q3 विदितमिच्छे न मे शत्रवे शत्रुता का आशयः विचार मे क्या अभिप्राय है?
What do each of the following questions mean to you?

(a) "एक शत्रु पर के शत्रुता कोई शत्रु नहीं है और सत्यपूर्ण माता-पिता के द्वारा कोई शत्रु नहीं है।" - महात्मा गांधी (उत्तर 150 शब्दों में दीजिए)
"There is no school equal to a decent home and no teacher equal to a virtuous parent." - Mahatma Gandhi (Answer in 150 words)

Ans This quote by MK Gandhi illustrates the importance of parenting as a means of socialization.

No school equal to a decent home.

- 1) Home is the first informal school.
eg. Children learn values in "Mahabharata".
- 2) Home teaches values like care, nurturing, respecting the elders.
eg. Touch grandmother's feet.
- 3) Home unlike school promotes cultural & traditional values.
eg. Aharacharya, rituals.

Sample 2 · Topper-copy question, with the exact answer

Your second question every day comes from a **real topper's copy** – you write it first, then study **exactly how a 130+ copy answered it**: the opening, the structure, the enrichment. Copies of **2025 toppers including Monika Srivastava (132) and AR Rajah (138)**, across GS1-GS4.

And the **third question is always new** – practise the unfamiliar under time, which is what the exam tests.

THE COURSE

One topic a day. Three answers a day. Every day planned.

Tapasya is the **same daily-writing schedule as the Mains Ready by December programme**, offered as a standalone course: 11 subjects across GS1-GS4, one topic a day, **three evaluated answers a day**, from **15 September to 23 December**.

Flow of Planner

- 01 2 reading days + 2 Brainstorming Sessions (free)**
Every subject opens with **two reading days** – prepare the topics **from your own sources** – and a **live Brainstorming Session on Zoom each evening, free for everyone**: how the syllabus converts into questions, **how toppers approach each theme**, what to write and what to leave out.
- 02 Daily Answer Writing**
One topic a day. Three questions daily: a topper-copy question with the exact topper answer, a PYQ with a handwritten model answer, and one new question. Every answer gets **AI evaluation – the same system used by 80+ rankers in CSE 2025.**
- 03 Revision day, next subject already running**
A **dedicated revision day** closes most subjects (except the short case-studies subject), and the **next subject opens the very next day** – the calendar never idles. **59 answer-writing days, every date planned.**

EVERYTHING YOU GET – ₹2,999 FOR THE FIRST 100

11 subjects, GS4 to GS1 – back to back	22 Brainstorming Sessions – free for everyone	59 days of Daily Answer Writing	177 answers written & AI-evaluated
3 questions a day: topper copy · PYQ · new	80+ rankers in CSE 2025 used this AI evaluation	100 days of structure, 15 Sep – 23 Dec	₹2,999 first-100 price – regular ₹4,999

GOOD TO KNOW

- › **Logistics:** Daily Answer Writing runs on your **Aspirants Hub dashboard**; Brainstorming Sessions are live on **Zoom**, with timings and links shared in the **closed course group on Telegram**.
- › **Days off:** Gandhi Jayanti (Fri 2 Oct) · Dussehra (Tue 20 Oct) · Diwali (Sat 7 – Tue 10 Nov) · Chhath Puja (Mon 16 Nov) · Guru Nanak Jayanti (Tue 24 Nov). All other days, including Sundays, are working days.
- › **Not part of this course:** subject notes (Capsules), sectional tests, Full-Length Tests, personal mentorship, the Accountability Partner and enrichment courses – these belong to the full **Mains Ready by December** programme (₹9,999).

STRUGGLE WITH NOTES? WE HAVE THAT COVERED TOO.

If you want to do daily answer writing but **notes are your bottleneck**, we make **one-pager notes and complete value addition** for every subject – **used by multiple rank holders** – a **one-stop solution for notes**. They come with [Mains Ready by December](#) or the [Lakshya programme](#), not with this standalone course. **See our Ethics notes here:** t.me/essaysandbeyond/1808

THE SCHEDULE

Subject-wise plan, 15 September to 23 December.

Every subject runs the same way: **2 reading days with 2 Brainstorming Sessions (free for everyone)** – prepare from your own sources – then **Daily Answer Writing – one topic a day, 3 questions a day** (a **topper-copy question**, a **PYQ with a handwritten model answer** and a **new question**), then a revision day – and the next subject begins. Every date is planned.

Subject 1 · GS4 · Ethics – Theory Tue 15 Sep – Sat 26 Sep

Date	Day plan	Brainstorming Sessions (free · evening · Zoom)
Tue 15 Sep	Subject opens – start reading (your own sources)	
Wed 16 Sep	Reading day 1 – prepare the topics	Brainstorming Session 1
Thu 17 Sep	Reading day 2 – finish preparation, add value addition	Brainstorming Session 2

Tue 22 Dec	Answer writing 5/5: Indian geography mapping & PYQ integration day	
Wed 23 Dec	Revision day – subject 11 complete	

Course complete: Wed 23 Dec. 59 topics read, written and evaluated across GS1-GS4. Aspirants in the full **Mains Ready by December** programme continue with sectional tests, the 25 December checkpoint and January Full-Length Tests.

THE RHYTHM

Daily Answer Writing (3 questions a day)

Topper-copy question	PYQ	New question
The exact topper answer is provided – model the structure and enrichment that scored in real copies.	With a handwritten model answer – calibrate to what UPSC has actually asked and how it expects it answered.	Handle the unfamiliar under time, which is what the exam actually tests.

Evaluation on every answer. AI evaluation – the same system **used by 80+ rankers in CSE 2025** – instant, on all 177 answers: content, structure, use of examples and data, and what to fix in tomorrow's answer.

WHY THIS COURSE

The habit that decides your Mains score.

A writing habit built before Prelims

Most aspirants postpone answer writing until after Prelims, then try to build a hand in **eight frantic weeks**. This course moves it forward: **by 23 December you have written and reviewed 177 answers across GS1–GS4.**

Brainstorming Sessions, free for everyone

22 live sessions on Zoom – how the syllabus converts into questions, **how toppers approach each theme**, what to write and what to leave out. **Free for everyone, enrolled or not.**

Three calibrated questions a day

A **topper-copy question with the exact topper answer**, a **PYQ with a handwritten model answer**, and a **new question** for the unfamiliar – imitation, calibration and stretch, every single day.

AI evaluation used by 80+ rankers

Instant, specific feedback on **every answer** – the same evaluation system **used by 80+ rankers in CSE 2025** – so each day's mistakes are corrected in the next day's answers.

A calendar you can actually follow

Every date from 15 September to 23 December is planned – what to read, what to write, when to revise. Festivals off. One topic a day. **Nothing to plan, only to show up.**

ENROLMENT

Tapasya. One habit. ₹2,999.
